

GYMNAST TO COACH RATIOS

Version 1 - April 2024

PARTICIPANT RATIOS

There are several factors to consider when making recommendations with regards to the ration of Gymnast to Coach / Teacher in Gymnastics and Trampolining activities.

These factors include:

1. Age
2. Stage of development
3. Level & type of activity
4. The experience of both the Participants & Coach / Teacher
5. Type of facility
6. Type of equipment available

HOWEVER, the Coach / Teacher in charge must always make an assessment (for example a risk assessment) of each situation & must determine a ratio of Participants to Coach / Teacher that is reasonable, safe & effective.

YOU SHOULD ALWAYS HAVE AT LEAST TWO RESPONSIBLE ADULTS IN THE CLASS AREA.

It is a condition of our Insurance that the IGA Coaching qualification requirements or an equivalent are complied with as follows:

Clubs must have at least **one designated Coach to a minimum Level 2 qualification** responsible for detailing and setting out all gymnastics activities.

All other coaches must be to a minimum Level 2 qualified.

All Level 1 Assistant Coaches **must be supervised** by a Coach qualified to a minimum of Level 2.

All Coaches must be qualified to the level of performance of the participants in the specific discipline of The Sport.

GYMNASTICS & TRAMPOLINING RATIOS

Independent child classes:

A ratio of 1:8 is recommended. This can be increased proportionally to the number of qualified assistant coaches, i.e. 8 participants per additional directly supervised assistant coach

Classes with the Parent, Guardian or Career:

A maximum ratio of 1:20 is recommended when a responsible adult is with the participant.

All Gymnastics Disciplines [except trampolining, see below]:
